

MarkersNet Payment Instructions & Billing Policy

Payment Options

Cash – No additional fees

- Zelle (Wells Fargo) – No additional fees

Digital & Card Payments – 3.50% processing fee

- Venmo: @markersnet
- Cash App: \$markersnet
- Tap-to-Pay: In person

A 3.50% processing fee is applied to all non-cash payments to cover third-party transaction costs.

Processing fees are non-refundable. Customers may avoid fees by paying with cash or Zelle with Wells Fargo. Please reference your invoice number when submitting digital payments to ensure proper account credit.

Late Payment, Suspension & Reconnection Policy

Payment is due on the date listed on the invoice. Accounts not paid within 2 days of the due date will be considered late. A \$25 one-time late fee will be applied once the account becomes late. An additional \$5 per day will be added for each day the account remains unpaid, for up to 10 days past due (maximum \$50 in daily late fees). Accounts reaching 10 days past due may be subject to immediate service suspension unless a written payment agreement has been approved by MarkersNet. Website Reactivation Fee: A \$35 reconnection fee is required to restore any suspended website or hosting service, in addition to the full outstanding balance. MarkersNet reserves the right to suspend services for non-payment.

Subscription & Domain Terms

All subscriptions are final and non-refundable. Website hosting subscriptions are provided under a minimum one (1) year contract unless otherwise stated in writing. Early cancellation does not void remaining contract obligations. Domain Ownership Policy: All domain name registrations remain under MarkersNet ownership for one (1) year and continue under MarkersNet management as long as MarkersNet provides hosting and maintenance services. Domain ownership may be transferred or the website sold to the customer at its listed purchase price at the time of request. Domain renewals are billed annually at \$20 per year, unless pricing increases from the domain provider, in which case renewal rates may be adjusted accordingly.

With contract signed or payment submitted, the customer agrees to these terms.
